ASSOCIATED PRESS DISPATCHES.

SUNDAY'S DISPATCHES.

NEW YORK.

NEW YORK, October 22.—Rioters, said to be in the interest of ex-Chief O'Brien, disturbed a Tammany meeting last evening, and were dispersed by the police.

Secretary Boutwell lectures next Friday evening at Steinway Hall, before the Mercantile Library Association in exposition of the financial policy of the government.

The losses which suspended the North American Insurance Company are estimated at six to seven hundred thousand dollars. Its assets are claimed to be $800,000, and it is hoped that all losses will be paid.

Rev. Wm. Alvin Bartlett, of Chicago, in an address last evening, expressed the belief that, although the loss will be between two and three hundred millions, Chicago might be made to look like herself for fifty millions. Men like Wm. Ogden and George Smith had pledged their millions for a guarantee that Chicago will be immediately rebuilt. There were one hundred and ten thousand homeless and foodless people to be taken care of until May, which will cost at least five millions, and require even all the immense sums that have been subscribed.

The correspondence of the World, dated Port-au-Prince, October 9th, gives the following particulars of the Hornet case: "A meeting was held on the 7th inst., composed of the Ministers of France, England and America. They paid a formal visit to the Minister of the Interior, and during the interview, Mr. Bassett claimed, on behalf of the American Government, that the Hornet was no pirate and must be protected, and in his official capacity he should do his utmost to shield her.

The Minister of the Interior, on behalf of the Haytien Government, in reply, stated that it was out of his power to comply with the demand of the Spanish Consul, the Hornet being under a foreign flag. The diplomatic corps concurred in the Minister's refusal, and entered their protest with his accordingly.

As soon as this decision was given the Spanish Consul decided to haul his flag down, and sailed for Cuba.

As is well known, there is not an American war vessel in this port which could afford necessary protection in case of any violation taking place. Every precaution has been taken by the officers of the Hornet, and with the consent of the Haytian authorities, she has been hauled close in shore. It now remains to be proved whether the Spanish authorities will dare to further outrage the American flag.

The weather at the South during the week has been favorable for cotton picking, and considerable progress has been made in gathering the crop.

Receipts at all ports for the week, 82,538 bales, against 64,097 for last week; 46,044 the previous week; 34,073 for the three previous weeks. Total receipts since September 1st, 268,874 bales; for the corresponding period last year, 351,000, showing a decrease of 82,126. Exports from all ports this week, 33,892 bales; for same week last year, 39,974. Total exports for the expired portion of the cotton year, 114,075 bales; for the same time last year, 113,467. Stock on hand at all ports, [illegible] bales; for the same time last year, [illegible]. Stock at interior towns, 36,940 bales; for the same time last year, 32,643. Stock in Liverpool, 473,000 bales; for same time last year, 537,710. American afloat for Great Britain, 63,000 bales; for same time last [illegible]. India cot'on afloat for Europe, [illegible]20 bales; for same time last year

Colored Convention met in Columbia on Wednesday, Lieutenant Governor Ransier, of South Carolina, being permanent President.

On Thursday, resolutions indorsing President Grant's administration were introduced and referred.

Resolutions were adopted advocating the preservation of the reconstructed State governments and laws, and the continuance in power of the Republican party; also indorsing those Republicans who have come to the South from the North, and deprecating any attack upon any class within the Republican ranks.

Resolutions were introduced on Friday, deprecating emigrations to Liberia.

Congressman Elliott, of South Carolina, submitted, yesterday, an address to the American people. It asks for a more perfect recognition of the colored people in the workshops, and all other industrial pursuits, that they may become proficient in their mechanical sciences, and thereby protect skilled artisans from having to compete in the market with workmen of inferior capability.

It asks from Congress aid for the education of the poor children of the South. It demands one standard of duty and policy for all citizens, and no special favor, but to deal with all alike. It affirms that the colored citizens have no desire to strike a line of action not common to the whole people; and concludes with a hope for a speedy abolition of slavery in every part of the world.

One fever death reported yesterday and one to-day.

MISSOURI.

ST. LOUIS, October 22.—The Circuit Court, a full bench present, refused to enjoin the County Clerk from selling railroad property for taxes.

The Central American Insurance Company has suspended.

KANSAS.

TOPEKA, October 22.—In the United States District Court, to-day, three men were sentenced to five years imprisonment each, for stealing government mules at Fort Parker; one man for two years for personating a government official; one for ten years for robbing registered letters, and one for six months, under the Enforcement Act, for stuffing ballot boxes.

UTAH.

SALT LAKE, October 22.—The verdict in the case of Hawkins, charged with adultery, was guilty. The penalty is from three to twenty years imprisonment. This is considered a test case, and it virtually places polygamists at the mercy of their first wife, who, under the act, is the only person who can proceed against him.

LONDON, October 23.—Subscription for Chicago and the West continues. The National Choral Society, numbering one thousand performers, sung "Messiah" at Hyde Park for their benefit.

Sir Frederick Murchison, President of the Geological and Geographical societies, is dead; aged 79.

The Times of this morning states that the Eemperor Napoleon has declared that the recent report from France, of Bonapartist conspiracies and an intended decent upon the coast of France are entirely without foundation. The Emperor claims that he is the only legitimate sovereign of France and advocates no violent measures for the restoration of his dynasty, but believes that his partisans should urge the taking of the will of the people of France upon the settlement of the government, by means of a plebiscite.

FRANCE.

PARIS, October 23.—The Corsican troubles amount to very slight broils.

It is said Prince Nopoleon will deliver a political address.

MARSEILLES, October 23.—In the municipal election the ultra Catholics defeated the Radicals for Mayor.

Presentation of the South in the National Democratic Convention.

Hon. Thomas J. Judge, one of the ablest and most distinguished statesmen of Alabama, has written a strong letter in favor of a regular representation of the South in the next Democratic Convention. After giving a number of most excellent reasons for the opinion he holds, Mr. Judge concludes his letter with the following brave words:

But it is said that the bare fact of our presence in the Convention might be prejudicial to the success of our party. Have we fallen so low that our very touch is contamination? The Democracy of the North and West do not say so, and I do not believe it. They invite us to be present, and to participate with them in the action of the Convention. But if our position is really so humiliating as that the presence of honest and patriotic Southern men in a National Democratic Convention, will bring discredit upon the party, then it is time for us to cease to affiliate with it. It is true that we have been grossly slandered and maligned by our enemies, and nothing that we could do or say would be likely to please them. But so long as we are deemed worthy to associate with, and claim to be a part of the national Democratic party, let us claim and exercise equality of rights and privileges within its ranks, and not voluntarily assume a position which would be inconsistent with our just claim to be considered the peers of any people.

We commend these manly utterances to the consideration of General Hampton and those of our Southern contemporaries who have been disposed to hold the contrary doctrine.—*Norfolk Journal.*

☞ There are men in France who oppose a Republic, because, in their estimation, it would be wanting in the elements of permanence. Yet, in the light of the recent experience of France, it is difficult to see what elements of permanence a monarchy can possess that would not be doubly sure with a really Republican government. It can only enlist the support of a party. There is no profound and lasting monarchial sentiment at the command of any of the several possible candidates for the throne. Whichever one is chosen, he will meet with all the opposition of an elected Executive; and since that opposition, in a monarchy, cannot hope to obtain control of the country by peaceable and legitimate means, it will be continually tempted to resort to revolution. A majority of the people of France are in favor of a Republic; and that form of government is the most durable which has the support and confidence of the greatest number of the governed.—*Age.*

☞ An American gift enterprise man was recently ordered by the police of Magdebourg to leave the city. The President of the United States, when his term of office expires, will not be likely to undertake a European tour with such a fate staring him in the face.—*Age.*

ATLANTA:

A full report of the decisions of the Supreme Court is furnished to THE CONSTITUTION exclusively, by the Reporter of the Court.

☞ The Editor-in-Chief will be absent a few days in attendance at the Whitfield Superior Court.

☞ Mrs. Moulton, a new prima donna, has made a successful debut in New York. She is a Yankee, handsome, and attractive. Her voice is first class.

More Radicalism.

The last thing out is that Radical ex-Senator E. D. Morgan, of New York, and Representative Oakes Ames, of Massachusetts, got, one $30,000, and the other $20,000, for signing as trustees of the Pacific Railroad Congressional Committee the first mortgage bonds of the Pacific Railroad.

The Atlanta Constitution.

One of the most prominent and popular papers in Georgia is THE ATLANTA CONSTITUTION—daily and weekly—and among the truest and most useful men of the press is Col. Avery, its accomplished editor-in-chief. And, by the way, Col. Avery is the successor of our old friend Col. Carey W. Styles, who founded THE CONSTITUTION some four years back. We feel much gratified at placing THE CONSTITUTION upon our exchange list.—*Edgefield (S. C.) Advertiser.*

Painful Pedestrianism.

Weston, the notorious walker, has just walked 100 miles in 24 hours. This was done under promise to walk 113 miles in the 24 hours. The account of this achievement shows Weston to be a great donkey. On his ninety-third mile he got sleepy, and had to be cow-hided and ice clamped to his head by his friends to keep him awake. Lemonade, beef tea and tonics were poured down his throat to keep him to time. He suffered terribly, but held on. His pallid face, set teeth, blood-dilated nostrils, showed his distress. The men yelled and the women cackled at him encouragingly. Ammonia and whisky carried him through the last mile, when he caved.

Queer way, this, to make a living.

Circulation.

We gave our advertisers the benefit of an extra issue of our Fair Bulletin—that of yesterday, one day after the close of the Fair. Our advertisers have promptly responded with the cash, and we thank them for their voluntary expressions of entire satifaction. The advertisements were inserted at low rates, as the Bulletin was intended for the mutual benefit of THE CONSTITUTION and our patrons.

The approaching session of the Legislature, we presume, has something to do with the lists of subscribers pouring into the office, for we are not vain enough to attribute it solely to the merits of THE CONSTITUTION. But a subscriber gained, from whatever cause, we rarely lose. No effort shall be spared to swell the tide of public favor, which THE CONSTITUTION now enjoys; and our subscribers and advertisers may rest assured that increasing prosperity will but enhance our efforts and labor in their behalf.

Book Notices.

History of the Working and Burgher Classes. By M. Adolphe Granier De Cassignac. Translated by Ben E. Green, of Georgia. Philadelphia: Claxton, Remsen & Haffelfinger, publishers. For sale in Atlanta by M. Lynch & Co.

This work is an intensely interesting one. The preface of the translator, Mr. Ben. E. Green, of this State, is a very elaborate one, setting forth among other propositions the causes of the late war, the effect of negro slavery in the South, the struggle of classes in this as in all other countries, the fusion of elements producing the Republican party, and that emancipation has cheapened labor, reducing its wages and diminishing its share of the products. The Translator thinks that even Mr. Stephens has not reached the real causes of the war, which are claimed to be the "Conflict between Monarchy and Democracy," and the "Irrepressible desire of capital to cheapen labor." In "The Laboring and Bergher Classes" is included all the learned professions—all who labor with the brain or with the hand, and who wish to live and grow rich by the fruits of their own honest industry. De Cassignac was a student "absorbed in the solution of the facts and philosophy of history." He has treated his subject exhaustingly, and with great faithfulness as a historian. The work is an exceedingly valuable one, and should find its way into every library. The preface alone is fully worth the price of the book.

Bertha, the Beauty: A "Story of the Southern Revolution." By SARAH J. C. WHITTLESEY, author of "Heart-drops from Memory's Urn," "The Stranger's Stratagem," etc.

This is one of the most entertaining novels which has recently appeared. The home of the heroine is Virginia and the principal scenes occur there. The story is thrillingly told.

These books are bound in the usual beautiful and elegant style of Claxton, Remsen & Haffelfinger, of Philadelphia, a house rapidly growing into popular national favor.

Geology and Mineralogy of Georgia, by Dr. M. F. STEPHENSON, Globe Publishing Company, Atlanta, Ga.

All who wish to know something of the Geology and Mineralogy of Georgia with a particular description of her rich "Diamond District," and the process of washing for diamonds, her gold, silver, cooper, lead, iron, manganese, graphite, slate, marble, &c., will do well to procure this work. Dr. Stephenson was formerly Assayer in the United States Branch Mint.

E. H. Butler & Co., New American Readers:

These readers proceed upon the principle of imitating nature and following her own courses instead of forcing her into other channels by artificial constraint. The true method of instruction, they claim, is to "teach spelling through reading and not reading through spelling." The authors of this series are said to be the first to make application of the principle involved in this plan combining the word method, the phonic system, and object teaching with the old A B C method of Dilworth and Webster. These readers deserve the attention and consideration of teachers and pupils in our primary schools. Fresh, new and original withal, beautifully bound and embellished with elegant and instructive wood cuts upon every page, they will charm all with their execution.

Prof. A. G. Brown is the Atlanta agent for

Frank Blair.

General Blair has made a speech in Montgomery, Alabama. He contrasted the burning of Chicago with the desolation of the South, and he compared the vile scamps that revelled in the burning ruins of the one to the delegation of miserable carpet-baggers that have plundered the other in her desolated condition. He also contrasted Southern sympathy with the Chicago sufferers with the want of Northern sympathy for the distressed South.

He advises against the policy of Southern nonrepresentation in the National Democratic Convention. The following paragraphs will explain his reason for this, as well as his position on the New Departure:

I tell you their abstinence now will be claimed as a refusal to go with the Northern Democrats because they have adopted the New Departure. [Sensation.] It will be claimed that the spirit of rebellion still lingers and burns under the smouldering ashes, and it is lighted into a new flame of indignation because the Democratic party of the North or a large portion of them have assumed, for reasons that seemed good to them to make certain concessions in their platform. It would be suicidal; it would be destructive of your very best interests.

I do not know how well it is known, but to those who care for my opinions, it is known that I am no friend of the New Departure (prolonged and enthusiastic applause and cheers) But I believe in the patriotism and the purity of the motives of those who have chosen that path: but while I shall still hold to the opinions which I have heretofore expressed, and shall not yield one inch of my own convictions as to the unconstitutionality of the usurpations of the Radical party, I am willing to fight the Radicals in any shape the Democratic party may determine upon. (Long and hearty applause.) I believe that the New Departure, so far from being a good policy, has proven disastrous: but what the party adopts as its policy I shall maintain without surrendering my own convictions. [Applause.] I believe that policy has failed to give us success in the elections of this summer and autumn; and for the reason that it was a confession in open court of our inability to carry the elections upon our own principles; it was a confession that we must make a concession in order to draw to us others who had heretofore acted against us, but in making that concession it failed to place candidates before the people in harmony with that platform. Thus, while some Democrats were disgusted at this concession, no Republicans were conciliated. * * * *

And again: instead of going for a New Departure, I would prefer to go for a man who represents the New Departure; I would prefer to give that guarantee to the disaffected Republicans. Rather than to go back upon my own principles, I would prefer to make a choice of Republicans, and go for a man who should be nominated by the disaffected Republicans; or, what would be better, one who might be nominated by the Democrats in their convention, and thus draw to us by a much stronger guarantee than the mere words of a platform, the support of those who are disaffected with Grant and the Radical party. (Applause.) In other words I do not see that we go back on our principles in making a choice between candidates, neither of whom may suit us exactly—we could all vote for a republican who was in favor of universal amnesty, against the Ku Klux bills. (Applause,) and against the military laws (prolonged and enthusiastic applause) while the most ancient Bourbon in the State of Alabama could vote for such a republican in preference to Ulysses S. Grant, (Renewed applause.)

General Blair points to the example of Virginia and Missouri. He alludes to the sectional feeling between the North and South, and the difficulty of quieting this feeling. And he pointed to the vast foreign vote in this country as the element free from this feeling, to which the Democracy must look to check the tyranny of the stronger section. He alluded to the position of Schurz and his German friends as having left Grant and burned their ships.

We opine that Schurz and Blair may be working together to repeat the Missouri experiment on a national scale in 1872.

Carl Schurz.

The fact that this able German is the leader of a million of his people in this country gives his utterances special significance, and his position great weight. His career invests the man with extraordinary interest. He is an excellent type of a large class of men who, with Democratic convictions, have labored with the Republican party on the war question. Possessing a mind of unusual vigor and a spirit of uncommon independence and nerve, probably few men have less fear of the party lash, and certainly none have been more outspoken against party wrongs.

His speech in Nashville broached the idea of a new party that should unite the Democrats and the Republican enemies of personal government. He has just delivered another speech in Louisville—a very brilliant and powerful effort, in which he presses his idea of a new party.

His opposition to Grant and the Radical faction he thus strongly puts:

"And what was it but party spirit that made so many Republicans tamely acquiesce in those barefaced usurpations of the President in the San Domingo case—acts of usurpation so naked, so alarming, and so indefensible, that no thinking man can attempt to justify or even excuse them without sacrificing his best convictions? In no case, perhaps, has party spirit more glaringly demonstrated its sinster influence than in this, where the approval of the President's acts means the establishment of a precedent which, in the face of fundamental law, makes the peace and honor of the people a mere plaything of one man's ambition; a case in which all argument so ridiculously failed, that nothing remained to the President's defenders but to denounce those as traitors to the party who refused to bow their heads slavishly to a barefaced attempt at personal government and who stood up for the Constitution and the liberties of their country."

It will be observed that the issue is made boldly here. And the breach that it indicates is full of potent augury if rightly used.

The following paragraphs teem with import, and afford matter for careful reflection to those who desire Democratic success, and who recognize that such success must come by the aid of those Republicans who are opposed to centralism.

The liberal Republicans are indeed most sincerely and ardently in favor of a just and conciliatory policy. *They are indeed most earnestly opposed to all unconstitutional stretches of power and to all encroachments upon the legitimate sphere of local self-government. But they are also most honestly determined to maintain the logical and legitimate results of the war;* in fact they look upon their maintenance as the first condition of a progressive and reformatory policy. They will, therefore, not in any way jeopardize it. They are of the opinion that a victory of the Democratic party would, in its consequences, not indeed permanently overthrow, but at least temporarily disturb the new order of things; and that this disturbance would most probably *lead ultimately to further and more dangerous stretches of power on the part of the Central Government*, which they could not be able to stem. They can, therefore, not think of joining an organization whose success would be calculated to produce two effects, endangering two of the most important objects they are striving for."

Mr. Schurz makes the remarkable statement that Democratic success would lead to the very centralism that he now condemns in the Radical administration. It is indeed anomalous that such a result should be ascribed to the triumph of the constitutional party. And it is extraordinary to find an independent Republican honestly contending against the "dangerous stretches of power" of the Central Government. But the connection of these things with the apprehension of the Democracy disturbing "war results" affords at once the explanation and suggests the remedy.

The disentanglement of war results from the great issue of Constitutionalism against Centralism is the inevitable preliminary to Democratic success. To this, effort must be directed.

"This is not owing to the differences caused by the new departure; for without the new departure, if the party adhered to the platform of 1868, it would be still weaker."

We hope to see the Democratic party show Mr. Schurz that he is wrong, that it has vitality enough to clutch the government from the madmen and criminals that now prostitute it, and we further hope to see Mr. Schurz and his many constitutional Republican friends join the Democracy in this good work.

All of the Southern people are emphatic in the declaration that the "logical and legitimate results of the war," are conceded by the South. Mr. Stephens has made bold and unmistakable profert of his assent to this position. Let this question of war-results be wisely settled, and the victory for Constitutionalism is certain. To this task the Democracy must address itself in the spirit of fairness, good sense and conviction, utterly free from sectionalism.

The Iowa Election.

A dispatch dated Dubuque, 11th, from the Chairman of the Republican State Committee to Secretary Belknap, says:

"Carpenter's majority in the eighteen counties heard from is 9,000. It will undoubtedly reach 45,000 in the State. We lose one Representative in Polk county, one in Henry, one in Webster, one in Jefferson, all in Johnson, and gain in Dubuque."

Another dispatch (probably from a Democratic source) says that the Radical majority is between 30,000 and 35,000. At the last election it was 42,489.

Our Washington Letter.

WASHINGTON, October 17th, 1871.

You have seen a buzzard circling lazily in the blue sky, above a carcass; then drifting away to return with reinforcements, until a crowd of these scavengers hangs over the scene of their anticipated repast. They circle nearer and nearer, then settle upon the limbs of adjacent trees, and, finally, swoop upon the carrion and proceed to tear it to bits. In some such way do the carpet-bag Congressmen flock to Washington, to gorge themselves with ill-gotten gains. We hear of them now at New York, or nearer Baltimore. Then one appears upon the avenue, and another; and they will continue to arrive until the appointed time for their spoliations to commence. Some of these carpet-baggers who assume to represent Southern constituents, have not visited their districts during the recess, but have spent the summer at their Northern homes, or imitating Grant and his Cabinet by displaying themselves at New England watering places. It is soothing to recall the fact that during the past few months several of these carpet-baggers have run their race, and will no longer be able to inflict wrongs upon the constituents they have so zealously misrepresented. When the South gets rid of its carpet-baggers it will become peaceful and prosperous, and not before. This is a matter of greater importance to the Southern people than the election of a Democratic President. Carpet-bagism is equivalent to the seven plagues of Egypt. But I am wandering from my text. I merely wished to refer to the preparations for the coming session, which are now well nigh complete. The Capitol has undergone its usual renovation; and about the city the painter and whitewasher have been exceedingly busy. The trees have not yet scattered their leaves, and under the bright October sun, Washington looks charmingly, save where its streets have been torn up by the march of improvement inaugurated by the territorial governmen.

THE RADICAL CENSUS.

The late census was taken by Radicals, in the interest of the Radical party. It is of no value save as a political machine. It is grossly inacurate, and purposely made so. An increase which does not exist was recorded in sections where Radical ideas prevail, while the returns from the Southern States have been so manifested as to prevent an increase of representation in that quarter. For example, I learn that the census returns place the population of Atlanta at 16,000; Savannah at 17,000; Augusta at 8,000; and the State at about 1,200,000. The State is thus cheated out of about 400,000 of population, and instead of being two additional representations in Congress, her representation will stand as it is now. This radical census further shows that the negro population in Georgia has increased, while the white population has decreased.

THE COTTON CROP.

The Agricultural Bureau is filling the cotton market again with reports of a short crop. The gist of the latest report published in the city papers to-day is as follows:

"The present indications do not point to a crop of more than three millions of bales, and if the remaining season should be unfavorable for the development and gathering of the fibre, a smaller amount must be accepted."

These reports have some effect on the New York market, which of late has been unsettled and panicy, and inquiries have been received here from interested parties, as to the reliability and integrity of the officials of the Agricultural Bureau. It is obvious that they must exert, through their reports, a very considerable influence on the cotton market, and in those speculating days this influence is worth something.

PERSONALITIES.

Bowles, the surveyor of the port of Savannah, has been here for some days. He is reported to be "in trouble," though in what respect has not yet appeared. His father-in-law, Senator Hill, is expected shortly.

Isaac Seeley, of Savannah, where he is known as "Old Junt," is here, and is suppose to be looking for something soft in the way of a Treasury tit.

J. E. Bryant, of Augusta, arrived last week. His mission has not been disclosed, but he is, no doubt, looking after the interests of one J. E. Bryant.

Hon. D. A. Walker, of Georgia, is registered at the Ebbitt House. ARGUS.

MIDNIGHT DISPATCHES.

WASHINGTON.

WASHINGTON, October 21.—Gen. Belknap addressed a letter to the Solicitor of the Treasury, Barfield, whether steamboats, whose certificates have expired, required new inspection under the new law. Barfield concludes his letter: Taking this view of the question presented in your letter, I would suggest that you cause as rapidly as the convenience of the officers will permit, a new inspection to be made of all steamers subject to the provision of the Act, in order that the owners thereof may be correctly advised of the additional requirements of the present law.

FRANCE.

PARIS, October 21.—While Prince Napoleon was on his way to Marseilles, as the train stopped at a town, the Valence people who had heard of the Prince's journey, gathered about the railway station and demanded his surrender into their hands. On being informed that the Prince traveled under safe conduct of the Government they vented hatred in hisses, yells, and threats, which followed the train until it had passed beyond the limits of the town.

HAYTI.

PORT-AU-PRINCE, October 21.—The commander of a Spanish man-of-war having demanded the delivery of the filibustering steamer Hornet, the Haytien government refused to comply with the demand, whereupon the Spanish Consul hauled down the Consular flag and went on board the man-of-war, which at once started for Havana for instructions.

BE sure to read the card of Major Whitner relative to the Atlantic Insurance Company.

ANDES FIRE INSURANCE COMPANY.—This Company is all right, as appears from the card of its worthy agent, Col. L. B. Davis.

DARK CLOUD.—A number of colored witnesses are in the city attending the session of the Ku-Klux Committee.

PERSONAL.—Hon. J. J. Jones and Col. A. M. Rodgers, of Burke county, are in the city, looking as fine as magnolia blooms.

CONTINUED.—The hearing of argument in the motion for a new trial in the case of Rev. M. D. Wood, was yesterday continued until Saturday next.

PASSING AWAY.—The church edifice known and revered as "Wesley Chapel" is rapidly passing away. The timbers are being torn away and hauled off.

ROSWELL FACTORY.—A premium was awarded at the Fair to the yarn made at Roswell Factory, and exhibited by their agents here, M. C. & J. F. Kiser.

DIPLOMA AWARDED.—The Philadelphia and Atlanta Wine and Liquor Company were awarded a diploma at the Atlanta Industrial Fair for their Pride of Pennsylvania Rye Whisky.

RELIGIOUS NOTICE.—The Rev. Hermann Bokum, of the Reformed Church, will preach in the English language, in the First Presbyterian Church, on Marietta street, to-morrow morning at 10½ o'clock.

ORANGES.—In the garden of Major S. B. Wight, at West End, he has an orange tree that has been bearing its golden fruit for two years. Last year the tree bore fifty or sixty oranges, but this year it has not borne so much.

PERSONAL.—We had a call on yesterday from Alderman Thomas Daily, one of the City Fathers of Chattanooga. As he is quite good looking, genial and social, we will say to the ladies that he is a young bachelor.

BEAUTIFUL BEYOND DESCRIPTION.—The many elegant and rare goods at McBride & Co's, suitable for bridal and holiday presents, must be seen to be appreciated. If you want anything of the kind, at a low price, don't fail to look at their stock.

REV. J. T. LEFTWICH.—Rev. J. T. Leftwich and family returned to this city yesterday from Virginia, and will officiate to-day in the Central Presbyterian Church, morning and night, at the usual hours. We regret to learn that he left his father still alive but past all hope of recovery.

MCBRIDE & SMITH.—This popular firm received four or five medals at the Fair, for their carriages and buggies. This is an Atlanta Institution. Messrs. McBride & Smith are live, go-ahead men, and turn out work that reflects credit upon them and the city.

LIVELY CONTEST.—Yesterday the R. E. Lee Fire Company of this city and the West Point Company had a contest for a purse of $100. Both companies did exceedingly well. The R. E. Lee threw 206 feet 9 inches, and the West Point Engine 203 feet 8 inches. The purse was awarded to the R. E. Lee.

MUSCOGEE MANUFACTURING COMPANY.—We learn that Messrs. M. C. & J. F. Kiser have been appointed agents in this city, for the Muscogee Manufacturing Company. The goods of this company received premiums at our Fair this week, and at the St. Louis, and Cincinnati Fairs.

WINSHIP'S COTTON GIN.—At "Our Fair" last week Winship's Cotton Gin was awarded a diploma and silver medal. This is but a just award to a popular and meritorious gin. The demand for it, we learn, is quite heavy, and Messrs. Winship & Bro. have had to increase their facilities in order to keep pace with the demands.

PRIDE OF PENNSYLVANIA WHISKY.—The Philadelphia and Atlanta Wine and Liquor Company was awarded a diploma at the Atlanta Fair, for their Pride of Pennsylvania Rye Whisky. The judges, we learn, were competent, and were unanimous, in their decision. It is pronounced by connoisseurs to be the best in market.

THE AUGUSTA BAR.—We notice present in attendance on the Supreme Court Hon. Henry W. Hilliard, Col. Josephus Camahl, Col. C. Snead, Gen. A. R. Wright, and Col. W. W. Montgomery, prominent members of the Augusta bar. One can well say, after looking at these gentlemen, that the Augusta bar is *handsomely* represented; and after hearing them speak, *ably* represented.

CHAMBERLIN, BOYNTON & CO.—At the store of Messrs. Chamberlin, Boynton & Co. can be found a fine selection of ladies' dress good, silks, laces and dry goods. There is quite a rush of the ladies upon the stores for dry goods. The reason is that Messrs. Chamberlin, Boynton & Co. keep excellent goods, and are not ashamed to let the public know of it. They are judicious and liberal advertisers.

EXCITING PASTIME.—At Oglethorpe Park, to-morrow, some of the fleetest horses of the country will test their speed. There will doubtless be a large attendance by the lovers of this exciting amusement. A handsome purse has been raised, and will be contested for by horses resting here on their way to Macon.

AN ATLANTA BELLE CAPTURES A TOWN. The "gay and festive" editor of the Washington Gazette says that the Atlanta Belle whose departure we recently noticed, has arrived in Washington, and, "judging from appearances, she will break all the young hearts" there. "Our clothing merchants have had to send on already for an extra supply of fashionable clothing for gentlemen, their large stocks having been sold out very soon after her arrival."

ATTENTION FIFTH WARD DEMOCRATS.—In consequence of the call for a citizens meeting on next Tuesday night, the meeting of the Fifth Ward Democratic Club will take place on Wednesday night at seven and a half o'clock. Every Democrat in the Ward is earnestly requested to be on hand as business of importance will be brought before the meeting.

Democrats throughout the city are respectfully invited.

By order of the President,
H. W. WOODING, Secretary.

STEAM GONG.—Messrs. Porter & Butler have at their foundry a steam gong that may be heard twenty miles. It has "muchly" astonished the people; but this enterprising firm are determined to keep abreast of the fame of Atlanta, and are not only telling the hours of work for their laborers (from 7 to 12 and from 1 to 6), but also furnishing true time daily to all Atlanta—yes, verily, to the "country round about."

TO THE PRESS OF GEORGIA.—At the meeting of the Georgia Press Convention in Augusta in May last, it was resolved to meet in Atlanta on the first Wednesday in November. The semi-annual meeting will be held in that city on that day.

Newspapers will send their annual dues to C. H. C. Willingham at once.

A full attendance of the press is desired.

W. G. WHIDBY, Recording Secretary.

Newspapers will please notice this call.

ATLANTA AHEAD.—At the Fair just closed at Oglethorpe Park, carriages were exhibited from Maine, Massachusetts, Connecticut, New York, Pennsylvania—some thirty vehicles were on exhibition. The result of the awarding of the premiums was, that out of seven, four were given to Messrs. McBride & Smith, carriage manufacturers, of Atlanta, for their beautiful and excellent work. These gentlemen, we learn, are receiving orders for carriages from various parts of Georgia, Alabama and other Southern States. And why not?

DEGIVE'S.—"Loves Labor Lost," was well cast last night, and each character admirably sustained throughout, showing a style which only stage education, together with talent and practical experience can produce. Miss Alice Vane was happy in her impersonation. Her readings were well given, evincing talent and study; her enunciation and gesticulation were very fine, while her general conception of the character of "Mary Mortimer," satisfied the large and intelligent audience that she had bestowed upon it care and thought. Her appearance at DeGive's [illegible] has been highly creditable—yes brilliant. Mr. Whitney, Miss Isabel Vane, and Mrs. Hub- [illegible] Wildman, Eugene Cramer, in fact, the entire company evince much talent in their specialities.

May-the-Fay is a charming little actress, and it is a wonder to see such life, sparkle and talent in so small a body. John Templeton was very good in his impersonation of Admiral Kingston. As Snail in the Burletta Scene, Templeton was capital. Templeton deserves success. In general heartiness, which men call geniality, he is a fair type of a Southern man, while, in his rollicking humor, he resembles an Irishman. His object is to please. His comedies are ever racy, but always healthy; and if he caters to any quality of our nature, it is not the worst, but the most humorous.

LIFE INSURANCE.—The Washington Insurance Company, of New York, having shared the fate of many others by the Chicago fire, W. P. Pattillo, their agent purposes to substitute their policies by others in such companies as the Ætna, of Harford; Phœnix, of Hartford; Franklin, of Philadelphia, and Southern Mutual, of Athens, Georgia, at his own expense.

Such generosity should be appreciated and rewarded by liberal patronage.

Mr. Pattillio represents some of the best companies in America. See advertisement.

THE ÆTNA.—This mammouth fire insurance company speaks through the columns of THE CONSTITUTION this morning in a double column advertisement. In the great Charleston fire of 1861, the Ætna lost $14,600, which was promptly settled in 1865 as soon as communication was re-established at the close of the war. In the great New York fire in 1835, this company, but a pigmy then in comparison with its present proportions, paid heavy losses without detriment, the officers coming forward with their individual capital, which however was not needed. Now the Chicago fire inflicts great loss, but scarcely jostles the Ætna, with its cash assets of nearly *six millions* and an annual income of four millions. Mr. J. P. Constable, Special Agent Southern Deparment, is now in the city and will be glad to furnish any information desired.

THE LADIES' FAIR.—After consultation the ladies have determined to hold their Fair for two nights longer. On Monday night quite an attraction is offered, in the arrangement effected, to have declamation from the youthful orators, who won the premiums at the Oglethorpe Park Fair—at 8 o'clock. On Tuesday night there will be a grand auction of all articles not disposed of.

We know that many will be glad of the opportunity to meet once more, at their respective tables, the ladies who have so tirelessly striven to make the Fair a success. At table No. 1 were Mrs. M—x and Miss Susie C—z t; at tables 2, 3, and 4, were Mrs. H. L. and W. T. W—n, Mrs. and Miss Nannie C., Mrs. G. W. D. C—k, Mrs. C. S., Mrs. H., Mrs. P.—, Mrs. and Miss Mamie P—ts. At tables 5 and 6 were Mrs. N., Mrs. N—n, Mrs. Er L—e, Mrs. Willie and Mrs. J. B. P—k, Mrs. W. B. B., and Miss Ella H. At table No. 7, we believe, were the active pearl-seekers, Mr. R. A. H's Sunday School class.

Of the Floral Bower we shall say something tomorrow afternoon.

Remember Monday and Tuesday nights. Go early.

There was a large crowd present, among whom we noticed that the CONSTITUTION FAIR BULLETIN was circulating freely. In the morning race we should have stated that Mr. Whitlock's horse, "Reb," won the first prize.

HOME INSURANCE COMPANY OF NEW YORK.—We have no hesitancy in endorsing the following, which we clip from the New York Commercial Pathfinder:

"We are gratified to learn that this popular Insurance Company, which for nearly twenty years has received the well merited confidence of the public, will suffer no interruption to its business from losses incurred by the late severe calamity at Chicago.

By its semi-annual statement of July last, its Capital and Assets are shown to exceed $4,500,000, placing its entire solvency beyond all question. The "Home" possesses an element of unusual strength in the entire confidence reposed in its management, and if requisite, its Capital stock could be increased to any desired amount.

The wisdom of insuring in offices remote from the location of the property is shown by the fact that while in the case of such extensive conflagrations as those in New York in 1835, and more recently in Portland and Chicago, the local offices are generally crippled, the risks placed at a distance are safe. The Chicago merchants who were insured in the Home will receive the full amount of their policies.

Nothing more fully demonstrates the substantial foundation upon which the Home Insurance Company is based than the satisfactory manner in which it emerges from the terrible Chicago fire. Assuming its liabilities in Chicago at $2,000,000, which is an ample estimate, it could, from its cash capital and assets, liquidate its entire obligations and have remaining over two and a half millions."

Major Whitner, of this city, is General Agent for the States of Georgia, South Carolina, Alabama, Florida, and Mississippi. He is a gentleman of high character, whom we commend unreservedly. He is worthy of the confidence reposed in him by the Home to adjust and settle all losses in his department, independently of the home office. And this is certainly an excellent feature of the Home Insurance Company.

OUR FAIR.—Our fair closed Friday evening. Under all the circumstances, it was a fine success.

Mrs. McDonald, of McIntosh, exhibited a number of articles which are worthy of honorable mention.

We noticed specimens of blackberry wine, orange preserves, plain biscuits and corn bread, that were worthy of a special premium. She also exhibited a barrel of superior cane syrup.

The largest yield of sweet potatoes per acre was that reported by Allen McDonald, of McIntosh county, four hundred bushels, but owing to a mistake, a sample of the potatoes failed to get here in time.

The following premiums omitted in our regular premium list were recommended by the several committees.

Best cast steel subsoil plow, diploma; Withers and Jones.

Best display of slate mantels, diploma; L. B. Langford.

Best samples of cotton stalks, diploma; D. Dixon.

A CARD TO THE PUBLIC.—Having information that the Atlantic Fire Insurance Company of New York, in consequence of the Chicago losses, has been compelled to suspend, I would inform all parties holding policies in said company, issued at my agency, that I have transferred the same to other solvent companies, without any loss to them. Failing to see, personally, all policy holders in said company, I would hereby request them to bring their policies to my office.

From reliable information from different sources, I would assure the public of the solvency of my remaining companies, which sustained losses at Chicago. Should, however, I find it otherwise, I shall be the first to inform my patrons of the fact, and shall protect their interests so far as it is in my power to do so.

The grand total of the taxable property of Greenville county is $4,732,778.

An eminent dentist, of Charleston, Dr. B. A. Rodrigues, died on the 19th instant in that city.

The poles of the Western Union Telegraph are being set along the streets of Columbia for the connection on the Wilmington route. Major General Anderson, who was thrown from his buggy Wednesday night, is doing very well, though his bruises were quite severe. The colored convention is still in session at Columbia. Quarles, of Georgia, introduced a resolution into the convention relative to the civil rights of the colored people, by their being invaded by the discrimination railroads, steamboats and other public conveyances, and proposes to urge upon Congress the passage of the supplemental civil rights bill, introduced into the Senate of the United States by Mr. Sumner. The resolution was referred.—*Daily Union.*

Tennessee News Items.

[CONDENSED FOR THE CONSTITUTION.]

The steamboat business is becoming lively at Chattanooga.

Chattanooga is greatly exercised over the change of location of her post-office.

The Jackson Democrat has changed its name to the West Tennessee Plaindealer.

Mr. Green, the contractor of the masonry work on the government building in Knoxville, speaks in the highest terms of East Tennessee marble for building purposes. Says that it is far better than the Vermont marble.

Almond Maynard was killed by unknown men in DeKalb county, last Sunday.

Governor Brown has recovered from his late illness.

Mrs. Haskell has no opposition in her candidacy for State Librarian.

The Nashville and Chattanooga Railroad is doing an unusually large freight business.

Mr. E. H. Simpson, a well known citizen of Nashville, is dead.—*Union and American.*

Art in Dress.

Nilsson's toilettes are pronounced by Boston critics to be remarkably beautiful. Her "Lucia" dress is the most delicate peach-blossom-colored silk. In the shade it was a decided pink, and in the full blaze of the footlights it paled to almost white. The front breadth was literally covered with flounces of point lace, and a deep flounce went around the train. The corsage was heart-shaped and filled to the throat with a white *tulle* tucker. Her ornaments were diamonds, and they sparkled from the dainty ears and flashed from the throat. But the loveliest toilette she has worn was the one in which she appeared in the last act of "Martha." A petticoat of sky-blue silk was trimmed with silver fringe and rows of silver braid, between which were brilliant buttons. The train of black velvet was looped at the side by silver and cord tassels. The tight fitting velvet body was fastened with diamond buttons and the wrists were finished with deep cuffs of point lace. A coquettish gray hat with a long blue plume was set jauntily on the frizzled mass of golden hair. It was the very perfection of a toilette.—*Age.*

CHICAGO LAWYERS.—The Chicago Journal says: "There is not a law office nor a law library left in Chicago, except the few small duplicate libraries at the residences of the leading lawyers. There is not a paper showing that there is a suit pending in any of the six courts of record in Cook county, including the federal court. There is not an indictment in existence in the county against any one, not a judgment, not a petition in bankruptcy in the federal courts. Even the duplicate files that the lawyers keep in their offices of important cases are all gone. A few may have escaped by being taken to the houses for Sunday or night work. We may add that there are in Chicago about five hundred lawyers."

THE ATLANTA CONSTITUTION.—By reference to our advertising columns will be found the prospectus of this leading journal. It was our pleasure last year to be its daily reader, and with us it is a household word, and can commend it as *the paper* for the family. Under the new regime it has rare advantages, its correspondence being very extensive and being published at the capital of the State, is always full of the latest news in which every citizen of the State is interested. THE CONSTITUTION has battled long and nobly in the cause of Democracy, and has always been foremost in exposing frauds in our State and Federal government.—*Chattooga Advertiser.*

☞ Mrs. E. Cady Stanton is in love with California. She recently said: "California is, indeed, the garden of our country. No winter here—fruits and flowers all the year round—the geraniums that we nurse in little pots, grow here eight feet high in the open air in all seasons. The half has never been told of this beautiful land, its genial climate, its hospitable people, its thriving metropolis, with its magnificent bay and gravel drives on the Pacific beach. Emerson must have been in a bad mood when he said that the Yosemite was the only thing that had not been over-bragged. Everything surpasses my expectations."

☞ The Constitution of the United States says that "the privilege of the writ of habeas corpus shall not be suspended unless when, in cases of rebellion or invasion, the public safety may require it." President Grant has suspended the writ in certain counties in South Carolina, where there is neither rebellion within or invasion from without. It is a pure and naked act of despotism, as much as if he should suspend the writ of liberty in the State of Ohio. All violations of the law in South Carolina could easily have been suppressed in the ordinary mode, without recourse to this arbitrary measure of one-man tyranny.—*Cincinnati Enquirer.*

MARKET FOR WILD BEASTS.—The London News states that lions and tigers may be bought in that city at wholesale and retail. From a great central warehouse in Ratcliffe highway, neat parcels of tigers and zebras have lately been sent to different parts of the world. Agents are engaged in all the wild regions of the earth in capturing specimens of animated nature to supply this central depot with stock for traveling menageries or stationary collections. This singular trade is now organized upon a commercial basis, the relations of supply and demand being settled with very considerable exactness.

☞ So great is the drought in the country in the vicinity of this city that farmers are obliged to send for water to the Little Miami river, a distance of several miles, and they spend a considerable portion of their time in hauling it to their farms. Their wells and springs are dried up. The greatest inconvenience and suffering for both the inhabitants and their stock are experienced by all those who do not live in the vicinity of a river or creek. The drought at this season of the year is unprecedented.—*Cincinnati Enquirer.*

☞ "What shall we name our little boy?" said a young wife to her husband.

"Call him Peter."

"Oh, no, I never knew anybody named Peter that could earn his salt."

"Well, call him Salt Peter, then."

CHEROKEE PILLS NO. 2.

For the Removal of Obstructions and the Insurance of Regularity in the Recurrence of Monthly Periods.

THESE PILLS are an unfailing Female Regulator, intended for special cases; those obstinate ones where milder and cheaper medicines fail.

They are composed of the most active and powerful principles of plants, roots and berries, so highly concentrated that each pill contains more medical strength than a whole box or bottle of ordinary dollar medicine in the market. Although powerful, yet so mild and pleasant in their operation, that the most feeble can take them with perfect safety.

☞ They may be safely used at any age, and at any period, except during the First Three Months, during which the unfailing nature of their effects would infallibly prevent pregnancy.

☞ All letters seeking information or advice will be promptly, freely and discreetly answered.

☞ Each box contains about 100 pills, and wrapped in white paper printed in deep red letters, with full and explicit directions enclosed.

☞ Sent by mail, free of postage, on receipt of price, $5, per box.

☞ The Cherokee Pills No. 2 are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of this; those which they can purchase at a cheap price and make more money. As you value your health do not be deceived by such unprincipled Druggists, ask for these $5 pills, and take no other. If the Druggist will not buy them for you, enclose the money in a letter and we will send them to you by mail, free of postage, securely sealed from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms. Patients need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms, and write post office, county, State and name of writer, and enclose postage stamp for reply.

☞ We desire to send our thirty-two page pamphlet, entitled "MAN AND WOMAN AS INVALIDS," to every reader of this paper. Address as follows:

A CARD TO OIL BURNERS.

BEING the manufacturers of more than four fifths of the Kerosene Oil used in Atlanta and vicinity, (as well as through the entire South,) we think best to inform our customers that the recent inspection of oil in Atlanta (reported below Government fire test) *either do not refer to our brand, or are incorrect, or are fraudulent.*

We know our business as manufacturers, and shall stand behind our products at all times. We sell no oil which will not bear proper inspection, and hence are not to be alarmed, and we defy any one, and every one, in law or out of law, in business competition or out of it, whether from Georgia or New York, to establish any just claim against our oil.

We shall continue to sell through our agents, Messrs. Carley, Duck & Co., of Atlanta, a better quality of Kerosene, and for lower prices, than any other Refinery in the United States *can afford*, and the doors of all our warehouses, whether in Louisville, Nashville, Memphis, New Orleans, Mobile, or Atlanta, are always open to Inspectors, whether appointed by City, State, or United States, each of which Inspectors we welcome, but all of whom we defy.
